§ 1 Dauer und Verlauf des Studiums

- (1) Die Regelstudienzeit des Bachelorstudiengangs Forstwirtschaft beträgt sechs Semester.
- (2) Der Gesamtumfang der Pflicht- und Wahlpflichtbereiche beträgt 180 Leistungspunkte (Credits). Das Studium setzt sich aus 26 Pflichtmodulen (GPM 1 bis GPM 11 und FPM 1 bis FPM 15) sowie Wahlpflichtmodulen im Umfang von 18 Credits zusammen. Ein möglicher Studienverlauf wird in Anlage 3 aufgezeigt, die Workload der einzelnen Module veranschaulicht ebenfalls Anlage 3.
- (3) Innerhalb des Studiums wählen die Studierenden Wahlpflichtfächer im Umfang von insgesamt 18 Credits. Studierende müssen aus dem Angebot der zentralen Einrichtung HAWK plus Wahlpflichtmodule im Umfang von sechs Credits auswählen. Studierende können sich auch aus anderen Studiengängen Wahlpflichtangebote zusammenstellen, sofern diese als sinnvolles Element im Hinblick auf den Studiengang Forstwirtschaft zu bewerten sind. Über die Anerkennung entscheidet auf Antrag die Prüfungskommission.

§ 2 Prüfungen

- (1) Die Prüfungen werden studienbegleitend erbracht und ergeben sich ebenso wie die Bearbeitungszeit für die jeweiligen Prüfungs- und Studienleistungen aus der Modulübersicht (Anlage 3). Neben der Art der Prüfung ist in den Modulbeschreibungen bei zusammengesetzten Modulprüfungen die Gewichtung ausgewiesen, mit der die Gesamtmodulnote zu berechnen ist. Im Modul FPM 2 müssen beide Prüfungsbestandteile separat bestanden sein, die dann entsprechend der in den Modulbeschreibungen genannten Gewichtung in die Modulnote eingehen. Die Gewichtung der Modulnoten für die Gesamtnote erfolgt in der Regel proportional zu den entsprechend ausgewiesenen Credits; eine Ausnahme bilden unbenotete Module sowie die Module FPM 12 und 13. Das Modul FPM 12 geht mit einer Gewichtung von 12 Credits in die Gesamtnote des Abschlusszeugnisses ein, die Module FPM 13a und FPM 13b als Portfolioprfung mit 21 Credits.
- (2) Die Prüfungsanforderungen sind in der Anlage 3 enthalten und ergeben sich aus den Qualifikationszielen der Modulbeschreibungen.
- (3) Prüfungen können neben den erforderlichen auch in anderen Wahlpflichtfächern abgelegt werden, sofern die Kapazitäten dies zulassen.
- (4) Ist in den Modulbeschreibungen eine Prüfungsvorleistung (PVL) vorgesehen, so ist das Bestehen dieser Prüfungsvorleistung neben dem Vorliegen der Voraussetzungen gemäß § 8 des Allgemeinen Teils der Prüfungsordnung für die Zulassung zur Noten bildenden Modulabschlussprüfung erforderlich. Prüfungsvorleistungen sind nicht benotete Prüfungsleistungen, für die im Falle des Nichtbestehens § 12 des allgemeinen Teils der Prüfungsordnung gilt. § 12 Absatz 2 ist bei Prüfungsvorleistungen nicht bindend.
- (5) Bei Modulprüfungen mit der Prüfungsart Präsentation, Praktikumsbericht oder Projektarbeit findet die zweite Wiederholungsprüfung in der ursprünglich im Modul vorgesehenen Prüfungsart statt. Sie wird von zwei Prüfer/inne/n bewertet und gilt als bestanden, wenn sie von beiden Prüfer/inne/n mit mindestens ausreichend bewertet wird.

§ 3 Praxisphase

- (1) Die Praxisphase (Modul FPM 12) im Studiengang Forstwirtschaft dauert drei Monate.

- (2) Zur Praxisphase (Modul FPM 12) wird zugelassen, wer bis dahin mindestens 90 Credits erreicht hat. Wird die Praxisphase in einem Forstbetrieb absolviert, muss das Modul FPM 5 erfolgreich abgeschlossen sein. Näheres regelt die Studienkommission, sowie die Praktikumsordnung des Bachelorstudiengangs Forstwirtschaft in ihrer jeweils gültigen Fassung.

§ 4 Bachelorarbeit und Kolloquium

- (1) Die Bearbeitungszeit für die Bachelorarbeit (Modul FPM 13a) beträgt acht Wochen.
- (2) Zur Bachelorarbeit wird zugelassen, wer bis dahin mindestens 120 Credits erreicht hat und die Module GPM 1 bis GPM 11 erfolgreich absolviert hat. Näheres regelt die Studienkommission. Prüfungsanforderungen sind in Anlage 3 enthalten und ergeben sich aus den Qualifikationszielen der Modulbeschreibungen.
- (3) Dem Antrag auf Zulassung zur Bachelorarbeit ist ein Vorschlag für den Themenbereich, dem das Thema für die Bachelorarbeit entnommen werden soll und eine Erklärung, ob die Bachelorarbeit als Einzel- oder Gruppenarbeit vergeben werden soll, beizufügen.
- (4) Zum Kolloquium wird zugelassen, wer bis dahin die Module GPM 1 bis GPM 11, FPM 1 bis FPM 12, FPM 14 und 15 sowie Wahlpflichtmodule im Umfang von 18 Credits erfolgreich absolviert hat, und wessen Bachelorarbeit (Modul FPM 13a) von beiden Prüfern vorläufig mit mindestens ausreichend bewertet wurde.
- (5) Das Kolloquium soll in der Regel innerhalb von sechs Wochen nach Abgabe der Bachelorarbeit durchgeführt werden.

§ 5 Hochschulgrad, Zeugnis

- (1) Der Studiengang schließt mit dem Kolloquium zur Bachelorarbeit ab.
- (2) Die Hochschule verleiht zum Abschluss den Hochschulgrad Bachelor of Science, abgekürzt B.Sc. Hierüber stellt die Hochschule eine Urkunde mit dem Datum des Zeugnisses aus (Anlage 1). Ein Muster des Bachelorzeugnisses enthält Anlage 2. Gleichzeitig mit dem Zeugnis wird der Studentin oder dem Studenten ein Diploma Supplement (Anlage 4) ausgehändigt.

§ 6 Inkrafttreten und Übergangsregelungen

- (1) Der Besondere Teil der Prüfungsordnung 2018 wird wie folgt geändert:
- § 2 Absatz 1: Anpassung der Begriffe Prüfung, Prüfungs- und Studienleistung, Credits; Korrektur Modulnummer (FPM 2)
 - § 2 Absatz 4: Korrektur Verweis auf Prüfungsordnung Allgemeiner Teil
 - Anlage 2: Streichung ECTS grade, Anpassung der Modulbezeichnungen
 - Anlage 3: Anpassung der Modulübersicht
 - Anlage 4: Ersatz ECTS grade durch grading table
- Diese Paragraphen bzw. die Änderungen treten am Tag nach ihrer hochschulöffentlichen Bekanntmachung in Kraft. Die übrigen Vorschriften der bisherigen Prüfungsordnung 2018 gelten weiterhin für die ab dem Wintersemester 2018/2019 immatrikulierten Studierenden. Entsprechend der Änderungen erfolgt die Neubekanntmachung.
- (2) Mit Ablauf des Wintersemesters 2019/2020 treten die Prüfungsordnungen des Bachelorstudienganges Forstwirtschaft (Besonderer Teil) der Versionen 2005, 2008 und 2009 außer Kraft. Mit Ablauf des Wintersemesters 2022/2023 tritt die Prüfungsordnung der Version 2010 außer Kraft. Die Studierenden

setzen danach ihr Studium nach der vorliegenden Prüfungsordnung (Version 2018) fort. Über Ausnahmen, insbesondere infolge von gesetzlichen Schutzbestimmungen oder sonstigen unzumutbaren Härtefall-situationen, entscheidet die Prüfungskommission. § 6 (Anrechnung von Prüfungsleistungen) der Prüfungsordnung (Allgemeiner Teil) findet entsprechend Anwendung.

8. Information on the German Higher Education Systemⁱ

8.1 Types of Institutions and Institutional Status

Higher education (HE) studies in Germany are offered at three types of Higher Education Institutions (HEI).ⁱⁱ

- *Universitäten* (Universities) including various specialized institutions, offer the whole range of academic disciplines. In the German tradition, universities focus in particular on basic research so that advanced stages of study have mainly theoretical orientation and research-oriented components.

- *Fachhochschulen* (Universities of Applied Sciences) concentrate their study programmes in engineering and other technical disciplines, business-related studies, social work, and design areas. The common mission of applied research and development implies an application-oriented focus of studies, which includes integrated and supervised work assignments in industry, enterprises or other relevant institutions.

- *Kunst- und Musikhochschulen* (Universities of Art/Music) offer studies for artistic careers in fine arts, performing arts and music; in such fields as directing, production, writing in theatre, film, and other media; and in a variety of design areas, architecture, media and communication.

Higher Education Institutions are either state or state-recognized institutions. In their operations, including the organization of studies and the designation and award of degrees, they are both subject to higher education legislation.

8.2 Types of Programmes and Degrees Awarded

Studies in all three types of institutions have traditionally been offered in integrated "long" (one-tier) programmes leading to Diplom- or Magister Artium degrees or completed by a Staatsprüfung (State Examination).

Within the framework of the Bologna-Process one-tier study programmes are successively being replaced by a two-tier study system. Since 1998, two-tier degrees (Bachelor and Master) have been introduced in almost all study programmes. This change is designed to provide enlarged variety and flexibility to students in planning and pursuing educational objectives, they also enhance international compatibility of studies.

The German Qualifications Framework for Higher Education Degreesⁱⁱⁱ, the German Qualifications Framework for Lifelong Learning^{iv} and the European Qualifications Framework for Lifelong Learning^v describe the degrees of the German Higher Education System. They contain the classification of the qualification levels as well as the resulting qualifications and competencies of the graduates.

For details cf. Sec. 8.4.1, 8.4.2, and 8.4.3 respectively. Table 1 provides a synoptic summary.

8.3 Approval/Accreditation of Programmes and Degrees

To ensure quality and comparability of qualifications, the organization of studies and general degree requirements have to conform to principles and regulations established by the Standing Conference of the Ministers of Education and Cultural Affairs of the *Länder* in the Federal Republic of Germany (KMK).^{vi} In 1999, a system of accreditation for programmes of study has become operational under the control of an Accreditation Council at national level. All new programmes have to be accredited under this scheme; after a successful accreditation they receive the quality-label of the Accreditation Council.^{vii}

8.4 Organization and Structure of Studies

The following programmes apply to all three types of institutions. Bachelor's and Master's study courses may be studied consecutively, at various higher education institutions, at different types of higher education institutions and with phases of professional work between the first and the second qualification. The organization of the study programmes makes use of modular components and of the European Credit Transfer and Accumulation System (ECTS) with 30 credits corresponding to one semester.

8.4.1 Bachelor

Bachelor degree study programmes lay the academic foundations, provide methodological skills and lead to qualifications related to the professional field. The Bachelor degree is awarded after 3 to 4 years. The Bachelor degree programme includes a thesis requirement. Study courses leading to the Bachelor degree must be accredited according to the Law establishing a Foundation for the Accreditation of Study Programmes in Germany.^{viii} First degree programmes (Bachelor) lead to Bachelor of Arts (B.A.), Bachelor of Science (B.Sc.), Bachelor of Engineering (B.Eng.), Bachelor of Laws (LL.B.), Bachelor of Fine Arts (B.F.A.), Bachelor of Music (B.Mus.) or Bachelor of Education (B.Ed.). The Bachelor degree corresponds to level 6 of the German Qualifications Framework/ European Qualifications Framework.

8.4.2 Master

Master is the second degree after another 1 to 2 years. Master study programmes may be differentiated by the profile types "practice-oriented" and "research-oriented". Higher Education Institutions define the profile. The Master degree study programme includes a thesis requirement. Study programmes leading to the Master degree must be accredited according to the Law establishing a Foundation for the Accreditation of Study Programmes in Germany.^{ix} Second degree programmes (Master) lead to Master of Arts (M.A.), Master of Science (M.Sc.), Master of Engineering (M.Eng.), Master of Laws (L.L.M.), Master of Fine Arts (M.F.A.), Master of Music (M.Mus.) or Master of Education (M.Ed.). Master study programmes which are designed for continuing education may carry other designations (e.g. MBA).

The Master degree corresponds to level 7 of the German Qualifications Framework/ European Qualifications Framework.

8.4.3 Integrated "Long" Programmes (One-Tier): Diplom degrees, Magister Artium, Staatsprüfung

An integrated study programme is either mono-disciplinary (*Diplom* degrees, most programmes completed by a *Staatsprüfung*) or comprises a combination of either two major or one major and two minor fields (*Magister Artium*). The first stage (1.5 to 2 years) focuses on broad orientations and foundations of the field(s) of study. An Intermediate Examination (*Diplom-Vorprüfung* for *Diplom* degrees; *Zwischenprüfung* or credit requirements for the *Magister Artium*) is prerequisite to enter the second stage of advanced studies and specializations. Degree requirements include submission of a thesis (up to 6 months duration) and comprehensive final written and oral examinations. Similar regulations apply to studies leading to a *Staatsprüfung*. The level of qualification is equivalent to the Master level.

- Integrated studies at *Universitäten (U)* last 4 to 5 years (*Diplom* degree, *Magister Artium*) or 3 to 6.5 years (*Staatsprüfung*). The *Diplom* degree is awarded in engineering disciplines, the natural sciences as well as economics and business. In the humanities, the corresponding degree is usually the *Magister Artium* (M.A.). In the social sciences, the practice varies as a matter of institutional traditions. Studies preparing for the legal, medical and pharmaceutical professions are completed by a *Staatsprüfung*. This applies also to studies preparing for teaching professions of some *Länder*.

The three qualifications (*Diplom*, *Magister Artium* and *Staatsprüfung*) are academically equivalent and correspond to level 7 of the German Qualifications Framework/ European Qualifications Framework.

They qualify to apply for admission to doctoral studies. Further prerequisites for admission may be defined by the Higher Education Institution, cf. Sec. 8.5.

- Integrated studies at *Fachhochschulen (FH)*/Universities of Applied Sciences (UAS) last 4 years and lead to a *Diplom (FH)* degree which corresponds to level 6 of the German Qualifications Framework/ European Qualifications Framework.

While the *FH/UAS* are non-doctorate granting institutions, qualified graduates may apply for admission to doctoral studies at doctorate-granting institutions, cf. Sec. 8.5.

- Studies at *Kunst- and Musikhochschulen* (Universities of Art/Music etc.) are more diverse in their organization, depending on the field and individual objectives. In addition to *Diplom/Magister* degrees, the integrated study programme awards include Certificates and certified examinations for specialized areas and professional purposes.

8.5 Doctorate

Universities as well as specialized institutions of university standing and some Universities of Art/Music are doctorate-granting institutions. Formal prerequisite for admission to doctoral work is a qualified Master (UAS and U), a *Magister* degree, a *Diplom*, a *Staatsprüfung*, or a foreign equivalent. Comparable degrees from universities of art and music can in exceptional cases (study programmes such as music theory, musicology, pedagogy of arts and music, media studies) also formally qualify for doctoral work. Particularly qualified holders of a Bachelor or a *Diplom (FH)* degree may also be admitted to doctoral studies without acquisition of a further degree by means of a procedure to determine their aptitude. The universities respectively the doctorate-granting institutions regulate entry to a doctorate as well as the structure of the procedure to determine aptitude. Admission further requires the acceptance of the Dissertation research project by a professor as a supervisor.

The doctoral degree corresponds to level 8 of the German Qualifications Framework/ European Qualifications Framework.

8.6 Grading Scheme

The grading scheme in Germany usually comprises five levels (with numerical equivalents; intermediate grades may be given): "*Sehr Gut*" (1) = Very Good; "*Gut*" (2) = Good; "*Befriedigend*" (3) = Satisfactory; "*Ausreichend*" (4) = Sufficient; "*Nicht ausreichend*" (5) = Non-Sufficient/Fail. The minimum passing grade is "*Ausreichend*" (4). Verbal designations of grades may vary in some cases and for doctoral degrees.

In addition, grade distribution tables as described in the ECTS Users' Guide are used to indicate the relative distribution of grades within a reference group.

8.7 Access to Higher Education

The General Higher Education Entrance Qualification (*Allgemeine Hochschulreife, Abitur*) after 12 to 13 years of schooling allows for admission to all higher educational studies. Specialized variants (*Fachgebundene Hochschulreife*) allow for admission at *Fachhochschulen* (UAS), universities and equivalent higher education institutions, but only in particular disciplines. Access to study programmes at *Fachhochschulen* (UAS) is also possible with a *Fachhochschulreife*, which can usually be acquired after 12 years of schooling. Admission to study programmes at Universities of Art/Music and comparable study programmes at other higher education institutions as well as admission to a study programme in sports may be based on other or additional evidence demonstrating individual aptitude.

Applicants with a vocational qualification but without a school-based higher education entrance qualification are entitled to a general higher education entrance qualification

and thus to access to all study programmes, provided they have obtained advanced further training certificates in particular state-regulated vocational fields (e.g. *Meister/Meisterin im Handwerk, Industriemeister/in, Fachwirt/in (IHK und HWK), staatlich geprüfte/r Betriebswirt/in, staatliche geprüfte/r Gestalter/in, staatlich geprüfte/r Erzieher/in*). Vocationally qualified applicants can obtain a *Fachgebundene Hochschulreife* after completing a state-regulated vocational education of at least two years' duration plus professional practice of normally at least three years' duration, after having successfully passed an aptitude test at a higher education institution or other state institution; the aptitude test may be replaced by successfully completed trial studies of at least one year's duration.^x

Higher Education Institutions may in certain cases apply additional admission procedures.
